

## Photograph of Compassion ~ 15 Points

“ “ If you want others to be happy,  
practice compassion. If you want  
to be happy, practice compassion.  
~ Dalai Lama

” ”

**Directions:** Some Generation Z adolescents take as many as 100 selfies per day. Why not take another pic for English 11H? For this assignment, you must take a photograph of how you see compassion. You can stage a picture, or photograph something that happens organically. Then, drag the photo into a document and write an explanation of 3-5 sentences in which you explain the meaning of the photograph. Bring a digital copy of the photograph if you can — i.e. your phone :o — for Compassion Show and Tell Day!

**Your picture can't be inaccurate!! I promise!**
